

**Texas Department of Agriculture
Texas Capital Fund
Paving of Knight Street
City of Commerce, Texas
Project ID: 720052**

This project included drainage improvements and concrete paving providing truck access for Tyco, a local manufacturer, and extended Knight Street to near the St. Louis and Southwestern railroad tracks.

Improvements included 1813 LF of 33' wide curb and gutter, lime stabilized subgrade, concrete pavement, subsurface drainage, and 50 LF of 33' wide 6" thick asphalt transition. The intersection with State Highway 11 was relocated slightly to improve traffic movement and safety. The project required coordination with the Blacklands Railroad.

Services provided by Hayter Engineering are listed at right.

This project was completed in 2001.
