

Choctaw Casino Expansion & Hotel Grant, OK

Hayter Engineering was a subcontractor for the contractors, Robins & Morton and Allison Landscaping & Pools, on this project for construction staking for the new facilities. Choctaw Nation of Oklahoma, a federally recognized Indian tribe is the owner.

This expansion for Choctaw Casino & Resort-Grant will have 96 new rooms, a new hotel check in, and various restaurants that are open or being renovated.

Hayter Engineering did the construction staking for the hotel expansion and the parking areas for this project. We also performed construction staking for the pool, rest rooms, sidewalks, flower beds, and the central plant building.

The surveying was completed in 2017.
